Subject: RE: DGS EOC Activation

Team-

I am currently in the EOC until 0700 tomorrow morning.

Right now the following has been established.

The War Memorial Building is established and operating as a rehab for out of area police officers. BPD is handling security. This is place until further notice.

Fuel provisions have been made for partnering agencies to receive fuel from COB Fuel Stations. DPW will be opening Back River and Patapsco WWTP's to increase capacity for the Front St locations. PD will be encouraged to have SD and SWD to use Patapsco and Back River will be a last resort if needed. They have been advised that if they use the master card to be sure to document gallons for that use.

Facilities will be checking all DGS buildings for damage in the morning and taking actions to secure.

DPW and DOT are working a debris management plan and will need any equipment they can have returned as it is readied.

As of this time, the City is open as usual tomorrow. If that changes I will email when I am notified.

Berke, I am trying to start a spreadsheet for tracking costs.

If anyone has any questions please call 410-396-YARD (9273).
DGS will be present here until further notice.

More to follow

Subject: Information Request for Riot Shields

At 1022 hours this morning, BPD requested approximately 200 riot shields (or as many as possible) to be delivered to the Baltimore Public Safety Center ASAP. Maryland Dept. of Public Safety and Correctional Services (DPSCS) will fill the request to the best of their ability. Shields are currently being moved from facilities to pick-up points in Hagerstown and Jessup. Tomorrow morning (4/28), DPSCS will provide a total count of shields and attempt to arrange for transport to Baltimore. In the event they can not transport the shields, we will then find an alternate solution.

Military CST, MSP, MDTAP, MTA and DGS Police were also solicited with negative results (due to not being equipped or their potential to deploy).

I have reached out to determine a timeframe for the delivery of the rented bike racks and will let you know ASAP. Once they are delivered the police are requesting the deployment of the racks as follows:

- Intersections of:
 - Gay/Baltimore
 - Fayette/Gay
 - Lexington/Gay
 - Saratoga/Gay
- Western District Police Station

Also, if you had a truck to spare it would be helpful to have a truck load of these racks ready to go in the event that a new location is identified that they are required.

As always, thank you for your hard work and professionalism and please let me know if you have any issues with the plan.

Gratefully,
Brian

Subject: Deployment of Bike Racks

Marlon,

I have reached out to determine a timeframe for the delivery of the rented bike racks and will let you know ASAP. Once they are delivered the police are requesting the deployment of the racks as follows:

- Intersections of:
 - Gay/Baltimore
 - Fayette/Gay
 - Lexington/Gay
 - Saratoga/Gay
- Western District Police Station

Also, if you had a truck to spare it would be helpful to have a truck load of these racks ready to go in the event that a new location is identified that they are required.

As always, thank you for your hard work and professionalism and please let me know if you have any issues with the plan.

Gratefully,
Brian

Street will be cleared today and as often as possible moving forward.

He could not promise me everyday, but said they will do their best.

Subject: Protest suggestion

Mr. Scott,

Greetings Sir, would it be possible to have a city street sweeper come through the area of 1000 N. Mount St today and the following days to clean the street of any debris? We would just like minimize the objects ie: bottles, cans and trash on the street. Just trying to lessen the chances of these objects being used as weapons or missiles to be thrown at the police and property.

Any consideration will be greatly appreciated.

Respectfully,

Lt. George Clinedinst

BPD is expecting another protest at the western district at 5pm today. Can you have bike racks dropped off there today?

Sir's

The request process for equipment supplies from the Maryland Military Department, should initiate from the City to MEMA. I'm not sure about the forms if any, or a contact person from MEMA. I'm assuming that someone from MOEM should know. In addition, the request should not be branch specific, i.e., "riot helmets from Army." I believe you just state item and number required and they will source.
